

DYNEX

High Pressure Hydraulics

- Very High Pressure Piston Pumps (6,000-20,000 psi)
- Split-Flow Pumps
- Directional Control Valves
- Piston Motors: (pressure spikes & tough duty)
- Vane Motors: (low speed/high torque, quiet)
- Electro-Hydraulic Pumps with Speed Control

MOOG

Industrial Hydraulics

- Servo Valves
- Servo Proportional Valves
- Servo Actuators
- RKP Radial Piston Pumps
- Electronics (low speed/high torque, quiet)
- Energy, Aerospace, Military, Industry, Food, Health Care & Marine industries

OILGEAR

- Axial Piston Pumps: Variable & Fixed
- Industrial Control Valves up to 60K psi: Manual to Servo & Proportional
- Manifolds: Steel, Nodular Iron and High Strength Forged Steel

CURTISS - WRIGHT PENNY & GILES

- Joystick Controllers
- Linear Position Sensors
- Radial Position Sensors
- Signal Conditioning
- Solenoids

YUKEN

Hydraulic Valves and Pumps

- Directional Control Valves
- Piston Pumps
- Modular Valves
- Flow Control Valves

MARZOCCHI

- Versatile, Strong and Long Lasting Gear Pumps
- Mechanical & Volumetric
- Compact & Low Weight
- Low Noise Levels

HAWES HYDRAULIK

- Hydraulic Valves which include: Directional Spool, Directional Seated, Pressure Control, Flow Control & Check Valves
- Hydraulic Pumps
- Hydraulic Cylinders and Motors

HILCO

- Filtration • Emission Control
- Heat Treating • Reclaimers
- Ion Exchange System
- Full Range of Filters
- High Speed Rotation System
- Coolant Recyclers and Systems
- Membrane Filtration Systems
- Power Generation, Utilities & Chemical Plants

RYCO

Wide range of spiral and wire braid hoses:

- RYCO DIEHARD - Hose That Won't Say Die
- RYCO SURVIVOR - When the Heat is On
- RYCO SLIDER - Give Abrasion the Slip
- RYCO ICEBREAKER - Powers Through the Ice
- Fittings & Couplings

EATON

- Electronics
- Filter Technology
- Fluid Management
- System Technology
- Contamination Monitoring

Young Powertech inc.

- Orbital, High Speed & Radial Piston Motors
- Motor, Steering, & Flow Control Valves
- Steering Columns & Electric Systems
- Speed Wheel Drives
- Rotary Manifolds
- Gear Pumps & Motors
- Piston Pumps & Motors

Magnaloy

- Flexible Drive Couplings
- Pump/Motor Mounts
- Bar Manifolds
- Reservoirs
- Rod End Couplers
- Fluid Power Accessories:

filler breather caps, screens, flanges, suction strainers & gauges

- Fluid Control Valves
- Filtration Systems
- Gauges & Flanges
- SAE Port Flanges
- Hydraulic Accessories

Delta Power Company

- Solenoid Operated Directional Controls
- Mechanical Operated Directional Controls
- Special Application Valves
- Pressure, Flow, Proportional and Controls
- Logic Elements, Electronics & Coils

- Low, Medium & Full Voltage Starters
- Variable Frequency Drives
- Pump Control Panels
- Power Factor Correction

- Hydraulic & Pneumatic fittings
- Tube Fittings & Adapters
- Single & Double Ferrule
- Stainless & Brass
- and much more...

Powering Business Worldwide

Hydro-Line Cylinders

- N5-Heavy Duty Cylinders
- R5/A5-NFPA Interchangeable
- Electronic Feedback
- HW-Industrial Grade Welded
- HG-Heavy Duty Large Bore Tie Rod

WILKES & MCLEAN, LTD.

Hydraulic Suppressors

- Stops vibration & hydraulic shock
- Prevents leakage, and damage to components
- Reduces noise and creates longer lasting systems

- Clamps
- Filtration
- Test
- Diagtronics
- Valves
- Flanges
- Accessories

- Bladder: Durable & Efficient
- Piston: Highly Customizable and can handle hotter 7 colder temps
- Diaphragm: Great choice for low volume pulsation dampening and fluid storage
- Manufactured in the U.S.A.

- Gear Boxes
- Gear Pumps & Motor
- Axial Piston Pumps & Motors
- Coupling Systems
- Cartridge Valves
- Inline Valves
- Directional Control

- 1.5" to 30' Bore Cylinders
- QA Series: Light Weight Aluminum, Low Maintenance, High Strength and Corrosion Resistant
- "Red Bore" Emergency Delivery Program to Ship in One Day
- Power Factor Correction

- Pressure & Level Measurement Gauges
- Temperature Controls: Thermometers & Electric Temp Transmitters/Switches
- Mechanical & Electronic Force Measurement
- Needle & Manifold Valves

- Electric Motors
- Industrial Strength
- 1HP-500HP
- Three Phase
- C-Face
- High Efficiency
- All Cast Iron Frames
- 3600, 1800, 1200, 900 RPM

- Low, Medium, High & Very High Pressure Hose
- Military & Specialty Hose

- Copper Tube and Fin Mobile Hydraulic Oil Coolers
- Brazed Aluminum (P-BAR) Mobile Hydraulic Oil Coolers
- Engine Cooling - T-BAR, S-BAR and P-BAR
- Industrial Hydraulic Oil Coolers
- Compressed Air Aftercoolers
- Process Coolers

- Absolute
- Non-Contact
- Modular Valve Linear Position
- Liquid-Level Sensors

- Low Noise & No Noise Gear Pumps
- Screw Pump and Volumeters
- Magnetic Couplings

- Hydraulic & Pneumatic Cylinders
- Serving: Oil & Gas, Power Gen, Mining, Marine, Military, and more...

Industrial Applications:

- Fluid Filtration
- Automatic Filtration
- Air Filtration
- Process Filtration
- Separation
- Wine Filtration

- Directional Control, Proportional Control, & Modular Stack Valves
- Vane & Piston Pumps
- Manifolds & Subplates
- Electro-Hydraulic and Hydraulic Circuits

- D03, D05 & D08 Manifolds
- Adapters
- Cover Plates
- Tapping Plates
- and more

- Bar Manifolds
- Adapters
- Cover Plates
- Tapping Plates
- Valve Adapter
- Custom Manifolds

- Pumps, Motors, Cylinders
- Proportional Valves & Cartridges
- Filters
- Ex-proof & Stainless Steel Options

- Ball & Flow Control Valves
- Industries served: Automotive, Agriculture, Fire Protection, Renewable Energy, Shipbuilding & Offshore, Mining & Tunnel Drilling, Oil & Gas, as well as Steel & Chemical

- Pressure Gauges
- Pressure Transmitters
- Pressure Switches
- Diaphragm Seals
- Thermometers
- Thermowells
- RTDS & Thermocouples
